IN THE SUPREME COURT OF THE STATE OF UTAH

DAVID M. STAUFFER and CONNIE A.
STAUFFER,

Plaintiffs and Appellants
and Cross Respondents,

vs.

RUSSELL CALL and VELMA CALL and
SUNSET CANYON CORPORATION,

Defendants and Respondents
and Cross Appellants.

AFFIDAVIT OF
CONNIE A. STAUFFER

Case No. 15468

STATE OF UTAH)

:ss

COUNTY OF Iron)

Comes now CONNIE A. STAUFFER, who being first duly

sworn upon oath, deposes and states:

1. Affiant is a named Plaintiff in this matter, and is an adult female, fully competent to testify concerning the matters set forth hereafter.

2. One DEXTER C. SNOW is President of Defendant SUNSET CANYON CORPORATION, and was present in court during the trial of this case, and observed all proceedings, although not called to testify. In addition, DEXTER C. SNOW is President of SNOW AND TRUMAN REALTY, INC., a corporation engaged in the business of real estate in St. George, Utah.

3. In the year 1978, DEXTER C. SNOW, acting for SUNSET CANYON CORPORATION, caused the property which is the subject matter of this action to be advertised for sale in the Washington County News, a weekly newspaper of general circulation in Washington County; and in the Color Country Spectrum, a daily newspaper of general circulation throughout southwestern Utah, including Washington County, for the purpose of selling the property.

4. Publications in the Washington County News of which Affiant is aware, include, but may not be limited to, the following:

- A. 18 May 1978: "Development project, 440+ acres on key interchange leading to Zion Park. Prime highway commercial potential. Talk with Dexter about this!" (Emphasis added) See Exhibit "A", attached.
- B. 1 June 1978 and 15 June 1978: "The investment opportunity of the season is 400 acs. (sic) at Anderson's Jct. This property is ready to go commercial and is priced under \$4,000 per acre. The property is on all 4 sides of the interchange and is now in one parcel ready to go to work. This land is a syndicated dream package!" (Emphasis added.) See Exhibits "B" and "C" attached.
- C. 13 July 1978: "-ANDERSONS JUNCTION- (sic) 400 acres at this key interchange leading to Zion National Park. This property is ready for its transformation to Highway commercial. Over 8000 cars per day during August. (sic) 1,000,000 plus visitors see Zion Park each year and are potential customers of this area business. Feasibility studies and preliminary engineering are available. Priced under \$4,000-per acre--Call Dexter." (Emphasis added) See Exhibit "D", attached.
- D. 7 September 1978: "-ANDERSONS JUNCTION- (sic) 400 acres at this key interchange leading to Zion National Park. This property is ready for its transformation to highway commercial. Over 8,000 cars per day during August."

1,000,000 plus visitors see Zion Park each year and are potential customers of this area business. Feasibility studies and preliminary engineering are available Priced under \$4,000 per acre. Looking for installment sale."

(Emphasis supplied) See Exhibit "E", attached.

5. Publications in the Color Country Spectrum include,

but may not be limited to:

- A. 7 and 14 May 1978: "--Anderson's Junction Project--Over 400 acres of prime highway commercial potential. Come in and see proposed development." See Exhibits "F" and "G", attached.
- B. 21 and 28 May 1978: "Development Project--400 plus acres on key interchange leading to Zion Park--Prime highway commercial potential. Talk with Dexter about this!" (Emphasis added.) See Exhibits "H", and "I", attached.
- C. 4 June 1978: THE INVESTORS (sic) OPPORTUNITY of the season is 400 acres at Anderson's Jct. This property is ready to go commercial and is priced under \$4,000 per acre. The property is on all 4 sides of the interchange and is now in one parcel ready to go to work. This land is a syndicators (sic) dream package.

6. Affiant has calculated to worth of the land offered.

Assuming 440 acres at \$4,000.00 per acre, the value is \$1,760,000.00.

If the lower figure of 400 acres is used, the value of the land is \$1,600,000.00.

7. When Affiant and her husband purchased their interest

in the land at Anderson's Junction in 1969, the actual, fair market price agreed upon for more than one-half of the total interest in the land was \$12,000.00, making the total value of the total property, a figure less than \$24,000.00.

8. Based on the acreage figures used by Defendants,

if the 400-acre figure is used, the price per acre at the time

of purchase was \$60.00, which has now increased to the price of \$4,000.00 per acre, an increase of 6,666.67 percent. If the 440-acre figure is used, the price per acre at time of purchase was \$54.54, and has risen to \$4,000.00 per acre, an increase of 7,340.67 percent.

9. Immediately prior to the purchase by Plaintiffs in January of 1969, Defendants CALL offered to sell all the property for \$14,000.00. Using the 400-acre figure, the value per acre in 1969 would have been \$35.00, which has now risen to \$4,000.00 per acre, an increase of 11,428.50 percent. Using the 440-acre figure, the value of the land in 1969 was \$31.81 per acre, which has now increased 12,574.66 percent to about \$4,000.00 per acre.

DATED: 12 March 1979.

CONNIE A. STAUFFER

SUBSCRIBED AND SWORN to before me this 12th day of Mar.

1979.
