Llewellyn vs Skiles

Docket no: 2005/14,

BRIEF OF THE APPELLANT

FILED
UTAH APPELLATE COURT
JAN 30 2006

September 28, 2005 I filed for another protective order in the THIRD JUDICIAL DISTRICT COURT Salt Lake county State of Utah Granted by Judge Roth. On October 17, 2005 commissioner Thomas Arnett Jr. conducted the court hearing case #054905483.

I will now refer to the transcript regarding the October 17, 2005 court hearing.

Page 2 Line 24: Gary Skiles violated rules of the protective order, by asking Gary Phillips to move in the house and change the locks on the doors. Gary Phillips is the third party, which is stated in the laws of a protective order, noting there cannot be a third party. Attempting to alter the protective order, Gary Skiles asked a drug addict to move in his house and harm or hurt me in any way he could. Gary Phillips is a heroin addict, on a daily basis he uses meth, marijuana etc.

Gary Phillips went to my neighbors house Mr Meyer lives there and Gary Phillips stole his cell phone. I took the cell phone back after Mr Meyers informed me of the theft, and I decided I wanted Gary Phillips out of my house. On October 9, 2005 I approached Gary Phillips and explained that I had a protective order from third district court who awarded me temporary possession of the residence automobile and / or other essential personal property: 4511 west 5015 south kearns Utah and 1990 Lumina/red. I asked Gary Phillips to go to his girl friends for a temporary period, and he became angry and he slammed his fist on my kitchen table repeatedly.

I decided to go to a pay phone and call for assistance from a police person, gizmo my bull dog jumped in my car he likes to go bye bye Gary started to yell at him and hit him and pulled him out of my car I drove to a phone, called police, Lonnie Wilson was the police person that answered the call, he was assigned that day over the kearns area, we talked about the protective order, and the phone that Gary Phillips stolid from the neighbor by the name of Mr Meyer, an 85 year old man that lives on a oxygen bottle. I found the phone called a number that said Jackie and she told me that Gary Philips would walk in Mr. Meyers house with out knocking and had done this for the last week he took the phone then didn't go back to see Mr Meyer for about three days I returned the phone The officer followed me to the house, we stood in the living room calling Gary to talk to us, he didn't answer, Lonnie went after him, about three minutes later they both came in the living room talking about ex-wife's divorce and etc The police officer talked about other things instead of what we agreed to talk about prior the visit with Gary Phillips. I told Lonnie Wilson that you are not talking to him about relocating temporarily, he said I not sure I should, I then turned and walked away saying I am going to call another officer to help me Lonnie grabbed me pulled me back to him and said you are under arrest and he handcuffed me. The officer said you are going to jail for arguing with an officer, I asked him to please take the hand cuffs off and we will continue talking, he said no The officer pulled me towards back rooms and said show me where your clothes are at and I will let you go I tried to reach out to move the closet door and Lonnie pulled my arms back fast with a jerk, this caused some pain and I said stop you are hurting me I tried to go in the bedroom where I would find a lot of my belongings but the officer said no we are not going in that room and he pulled me back very fast and said well show me something that belongs to you The more I complained about the handcuffs the more the officer caused me pain by tightening the hand cuffs or something, I don't

know what he was doing with the hand cuffs, I could only feel and hear a continuing click , 6 or 7 clicks one right after the other. I felt the metal pushing through my skin, I asked why he is doing this to me and he said you argued with me and that is against the law, he did something with the handcuffs again and Gary Philips asked Lonnie where did you learn to do that? Lonnie said someone taught me how to do it Gary said that is neat will you do it again? Lonnie said yes and he did The officer pulled me out side pushed me up against the house and said I going to frisk you ok? I said nothing I was crying help and the more I yelled the more he would do, he hit me on top of my left shoulder 3 or 4 times, I heard gizmo whining, I was not sure where he was and I knew if he could get to me he would have. The officer asked Gary Philips is he all right? Gary Philips said yeah he is all right he laughed and said you mean in that small place with them! Lonnie said yes. Gary asked Lonnie how I felt while Lonnie was frisking me over and over again, Lonnie said well. Gary Philips told Lonnie we should take her in on my bed and – her, both of us—Lonnie asked when? And Gary said now I think she would like it don't you? The officer said I don't do that when I am on duty, but when she gets out of jail I will pick her up and bring her here, Gary asked can you do that? And Lonnie said yes I am an officer Both Gary and Lonnie grabbed me and threw me on the ground yelling bend your knees, and if I refused Lonnie would hit me on my back and left shoulder. Gary Philips said break her finger and Lonnie said I can't, I would get in trouble but I can do this and I will not get in trouble, Gary said just the little finger? And Lonnie said I can do this, and the officer walked around the yard and found a rock then he put it in front of me under my left knee, the officer said when I lift you up bend your knees. I didn't do it, I said no! Lonnie hit me hard on the back and said you think this hurts, either bends your knees or I am going to do something that is so bad you will not be able to handle the pain Gary Philips grabbed me and said I will help you pick her up, I bent my knees

My body ached and the officer started to pull me to the police car I asked him for my coat and he went in the house and got it , as we were leaving to the car , Gary Philips told the officer to look in the coat pockets and you will find dope, the officer did and I know Gary put the dope there. My Pontiac sat in the driveway as we left, my car is registered for the residence so the officer did not impound it. When I was released from jail I went to my car and found that they had broken in to it and went through my things, one of the things that belonged to me that was missing was my wallet, it held family pictures, bank cards, social security card and my driver licence which did not expire until 2009. I had some very expensive items in my car, for example: my 357 pistol, ammo, top of the line make up and jewelry it was there I went to see my daughter and her family and we talked about what had happened to me, my daughter made me realize that Gizmo did not come to me when I called for him because I am sure Gary Skiles was in the bedroom holding him back, that was the bedroom that the officer would not let me go in. I remember asking where the dogs were. Gizmo is a bull dog, he is about 2 ½ years old, when Gary was wrestling with me one day, gizmo put his whole mouth on Gary's forearm with pressure!!!! Gary Skiles and Gary Philips used an object inside of my door lock and broke it, so it is still there, the window lining had been broken, they marked up the paint on my car, I had just got it painted, the tires had screws in them, Whatever their plans were, I know they are not good, the wheels are pitted by rocks, so they took it some where, the catalytic converter is ruined, my car sits low and they must of went four wheeling in it. My headlight has been pushed back inside of the body of the vehicle, the vehicle is missing many screws nuts and bolts and the radiator is leaking. I called the police and reported the breaking and entering and the joy ride that they took in my car.

Now I will go to the October 17, 2005 court hearing.

Page 3 Line 14: this statement is not correct, my neighbors know me, because I have lived at 4511 west 5015 south with Gary Skiles for approximately 2 years. Page 3 Line 12: The neighbors on the immediate west of us were the Jessops family and they told the police that they had been worried about me because they had not seen me in the garden for two days Page 3 Line 19: Gary Skiles did not answer the judge's question. Page 3 Line 20: this statement is not correct, Gary and I lived alone together no one lived with us. Page 3 Line 23: This statement is not correct there was not wild women dropping over to see Gary when I was at home, we had respect for one another. Page 3 Line 25: This statement is not correct, Gary Philips has not lived at our residence for 6 months, I think this lie is one of the many that was told, for coverup of Gary Skiles problem of uncontrolled anger, when in fact they should support him! By reporting him to the law enforcement. I am stating this because they knew about the uncontrolled anger that Gary has for certain women and certain situations, and I want him to have knowledge of anger control. Page 4 Line 1 through 3: This statement is not correct I have possessions at the house that resides on the address: 4522 west 5015 south. The first hearing was dismissed because I lacked corroboration of my position.

Page 8 Line 11 through 15: Residing evidence is a fact.

I will now go to the medical information concerning the abuse:

August 25 2005: I made an appointment with my family nurse practitioner for pain in my left arm.

September 13 2005: I had my next examination appointment.

September 19, 2005: Arm is not improving needs further evaluation.

November 2 2005 I went to DR. Chivish he sent me to Orthopedic.

January: Still pending.
